

2009 Contribution Increase

Our continued commitment towards our Medical Lifestyle and Medical Lifestyle Plus policyholders drives us to ensure that their benefits remain on a par with current medical costs.

Medical Lifestyle allows you to afford the best private healthcare available.

The contribution increase for 2009 is 13.10%.

Medical Lifestyle Plus was designed to assist with the financial impact of a health event, leaving you to focus on your physical and emotional wellbeing.

The contribution increase for 2009 is 16.10%.

The contribution increase is based on CPI + 3%

GOOD NEWS

We have increase the benefit categories inline with the contribution increases to ensure that benefits are aligned to the increase in contributions.

Benefits and contribution increases take effect on policy anniversary.

Remember that these products are no longer available to new clients and existing policyholders should be encouraged to hold on to their policies.
