

2006 Contribution Increase

Our continued commitment towards our Medical Lifestyle and Medical Lifestyle Plus policyholders drives us to ensure that their benefits remain on a par with current medical costs.

Medical Lifestyle allows you to afford the best private healthcare available.

The contribution increase for 2006 is 8,13%.

GOOD NEWS

To minimise the incidence of shortfalls, we have increased the tariff limit on some admissible costs. This may allow more Supplementary Benefits being paid to policyholders where shortfalls occur.

Medical Lifestyle Plus was designed to assist with the financial impact of a health event, leaving you to focus on your physical and emotional wellbeing.

The contribution increase for 2006 is 7,40%.

The contribution increase is based on $CPI + 3\%$

Benefits and contribution increases take effect on policy anniversary.

Remember that these products are no longer available to new clients and existing policyholders should be encouraged to hold on to their policies.
